

a breeze of Bulgaria ...

Dear guests,

Bulgarian food has sometimes a rather exotic image. Even if the "schopska" - a salad with tomatoes, cucumber, onion, peppers and feta cheese really promises an unforgettable culinary delight. While specialities like "Kartofki" - potatoes fried in butter and garlic which are coated with feta cheese - or the baked baguettes can be truly meaty.

Next to delicious russian "Pelmeni" and "Borscht", heavenly sweet crêpes and hearty galletes, you can also enjoy typical original Bulgarian wines as well as traditional "Rakia" and "Mastika" - the two most popular schnapps.

If you feel like just passing us by for a short visit, we can offer you all different kinds of coffee specialities and organic teas, which all can be enjoyed as well in iced-variations next to our fruity smoothie creations and delicious shakes.

Finally we have a small repertoire of different cocktails to offer you, which serve as an refreshing aperitif or digestif or just go well with any other occasion.

Enjoy your meal.....
